

Washington State Genealogical Society

recognizes

Patty (Miller) Ostendorff

of Wenatchee, Washington

for outstanding efforts to provide information of genealogical value to researchers interested in the families of Washington State, and consistent support of the goals and operation of Wenatchee Area Genealogical Society.

Patty Ostendorff is a great volunteer, ever ready to help whenever and wherever needed to support the Wenatchee Area Genealogical Society's mission. The most frequent words out of her mouth are "Yes, I can do or help with that!" Besides being an efficient Corresponding Secretary and member of the Society's Board of Directors, she co-chaired the Society's 40th Anniversary Celebration and 2011 fundraiser. She functions as the Board's liaison to the Wenatchee Valley Museum and Cultural Center. She has helped represent the Society at the museum's Multi-Cultural Fair and at several presentations in the community promoting the challenges and rewards of genealogy. Patty is a member of the Society's Library Committee, and has taken on the job of scheduling the librarians. She also works diligently on the Society's ongoing scrapbooking project. Patty sees the big picture and value genealogy can impart, and works tirelessly as a Board member and librarian supporting Wenatchee Area Genealogical Society activities.

Given this 8th day of September in the year 2012, at the annual meeting of Washington State Genealogical Society at Port Angeles, Washington.
